

I'm not robot

[Continue](#)

app that you can prank your friends with by changing the sound of your voice. This app allows you to reverb pre-made files and record new ones. This allows you to make your speech sound different using different speech styles. You can make your speech sound like a child, an adult, a person of the opposite sex, and even a cartoon animal. There are also some moody voices like the nervous or the wicked. When the sound is complete, you can add additional effects to it. For example, you can add individual notes like gasps, whispers, pats, laughs, and more. Moreover, you can try some voiceover sounds that mimic your surroundings. These sounds can be rain, traffic, concert, and so on. The volume of the sounds can be determined by your will. You can also trim your sounds and optimize density. Beyond that, the app doesn't low down the quality of sound after modifications so no worries about it. You can save the sounds or share them wherever you want. You can also check: [11 Best hidden voice recording apps 2019](#) back to the menu  ! And finally, Super Voice Editor is an app for voice modifications that you can use to joke on your friends. This app has a large collection of voting styles you can try. There are voices of different genders, cartoon styles, evil styles, and even superhero ones. They're also styles that can make your speech sound younger or older. In addition, there are some moody styles of voices that are nervous, upset, angry and so on. Hereby, the app can change the files you've already created and create new ones. When the sound is ready, you can trip it, determine the opacity and cut any voice you don't like. On top of that, you can make ringtones out of your files and share them wherever you want. The app also covers the short sounds that can add some spice to your records. It can be clap, whisper, giggle, and more. Moreover, there are some sounds that mimic your surroundings like rain, traffic, trains and all that. In addition, voice modifications do not have low quality of your sounds, so no worries about it. That.
