Learn more about Cal. Civ. Code §1798.135: Do Not Sell My Info' on Livepay functionality for easier refills, easier access to the activation flow I love my prepaid internet because sometimes I can't afford to have WiFi so it's nice to be able to pay for a month or for desperate times 7 days. But every time I've tried to refill my service on the app it tells me that the transition doesn't process and and no token available to the customer that I don't understand what that means. But I go on the web and fill it that way and it always works. So I'm not sure what happened to the app. I've downloaded it since I got my service and I've tried using it every fill but ended up getting frustrated and just going on the web and refilling it that way. I've had nothing but problems with the app. I log in and always click on stay logged box, but every time I go back I have to log back again. Also when I try to pay I always get the something went wrong message is also come to my attention while checking my phone settings and looking for the Wi-Fi network that this network Xfinity offers its prepaid customers is not secured! you have customers like me who can't afford the ridiculous prices you have for internet/cable and we still continue with your service, but end up getting screwed. We are still paying to this service the least you do is make this app work without any problems and give us a secure network because is what we all think we are getting. Was using the app fine to pay my bill and never had a problem until today I had a preferred verification notification pop up and blocked the whole screen now I can't pay my bill from the app and even tried the website and got the same and it won't let me scroll down to click The developer, Comcast, has no details about privacy practices and handling data to Apple. Watch Activation Video If you purchased your Prepaid Starter Kit in a store, wait 48 hours after purchase before trying to activate your service on xfinityprepaid.net. If you bought your Prepaid Starter Kit online or over the phone, go to xfinityprepaid.net to activate. Note: The service included with your Starter Kit expires 30 days from the time it is activated. How can I connect and start? Watch Activation Video First, connect your cable wall outlet coax cable to the Cable In/RF connection on the back of your wireless gateway (modem and router in one). Make sure the connectors are safe, but to prevent damage to the connectors, not over-twist. Then connect the power cord to the back of your Wireless Gateway and plug the other end into the socket. Wait for the online light to be fixed on the Wireless Gateway for at least 1 minute. Use the network name and password printed at the bottom (or side) of your wireless gateway to connect to your wireless network. Finally, activate your account on xfinityprepaid.net to enjoy your Xfinity Prepaid Internet service. What if I don't have access to the Internet? Check out the troubleshooting tips in your starter kit's Start guide. If you're still having problems with your connection, there may be a network outage. Go to the Xfinity Status Center to view outflow cards and get an estimated timeline for when your connection is restored. Xfinity Status Center Pricing The Starter Kit includes a Wireless Gateway, all necessary cables and an activation code for up to 30 days of included Xfinity Prepaid service. Additional service fillings cost \$15 for 7 days or \$45 for up to 30 days. Prepaid Internet is \$45 for the first 30 days, plus a one-time start-up and equipment fee of \$35, making your total initial cost \$80. After that, additional service fillings will cost \$ for 7 days or \$45 for up to 30 days. Yes. You own the Wireless Gateway, cords and cables when you purchase the Starter Kit. How do I complete my service? There are a few simple ways you can top up your service: For your privacy, our customer service agents can no longer payments over the phone. To keep your service active without manually refilling, use a credit, debit or prepaid card to set up AutoRefill online on xfinityprepaid.net. Do I have to sign a multi-year contract? There are no long-term contracts with Xfinity Prepaid Service. And we don't need a credit check or ask for a Social Security number. Xfinity Prepaid Service is subject to the Terms and Conditions included in your Starter Kit and available on this website. Do I need a credit card? You can buy your Xfinity Prepaid Internet Starter Kit online using credit cards, debit cards and prepaid cards. You also buy a Starter kit and refills at a local store location with cash. Technically you need to supply a WiFi device, such as a computer, smartphone or tablet. The Internet Prepaid Starter Kit includes a Wireless Gateway (modem and router in one), coax cable, Ethernet cable and power cable. Use the Ethernet cable to get a wired connection to establish a direct connection instead of using WiFi. Can I use my existing wireless gateway? No, Xfinity Prepaid Internet service is only accessible through the Wireless Gateway included in your Starter Kit. The Xfinity Wireless Gateway included in the Prepaid Instant TV kit can still be used if you subscribe to Xfinity non-Prepaid Internet service by contacting Comcast. What kind of internet speed do I get? Xfinity Prepaid Internet service offers up to 20 Mbps download speed and up to 1 Mbps upload speed. Actual speeds may vary and are not guaranteed. What if I don't have access to the Internet? Check out the troubleshooting tips in your starter kit's Start guide. If you're still having problems with your connection, there may be a network outage.
